MRSOE! delivers a unique comedy show that lets us laugh at our differences and tackle ethnic stereotypes, while educating audiences about diversity and multiculturalism. It is FUNNY, EDGY comedy. It is comedy with a PURPOSE. Our aim is to bring all people together through laughter. Each comedian is given 10 to 12 minutes to deliver the material of their choice with only one rule, "It has to be funny". While not every joke is about race, each comedian will fall back on their best material offering a fast-paced show of filler-free comedy. Since 2005, MRSOE! has become an international success with sold out shows in both Canada and the U.S. The MRSOE! YouTube Channel is proof of this success as it has amassed over 105,000 views and continues to grow each month.

In October 2012, MRSOE! completed a 16 city Southeast Tour and is already booked for a return engagement at the 2013 Charleston Comedy Festival as a featured show. Follow us socially at:
